# Payroll Processing

PayDay provides complete payroll from checks to W2's. You have the flexibility of getting the information to us by phone, fax, email, online or print checks yourself. Your highly trained one point on contact will be able to assist you with your payroll needs.

**Tax Service:** Federal, state and local payroll taxes are paid on your behalf. We take the tax burden off of you, keep you in compliance, save you time and give you peace of mind.

**Checks:** are signature ready and secured in pressured sealed envelopes.

**Live Checks:** Written on a Payday's bank account. No more check reconciliation and it can help prevent fraud.

**Corporate Brand:** We can add your corporate brand to your checks.

**Direct Deposit:** Have employees paychecks directly deposited into their bank accounts.

**Employee Access:** Employees can view recent and past paycheck stubs also view their w2's and change their W4 information. Password protected for confidentiality.

**New Hire Reporting:** Keep you in compliance with state law requirements on reporting newly hired and rehired employees.

**Garnishment Payment Service:** Electronic deduction and remittance of garnished wages.

**PayDay Payroll Online:** Gather all of your payroll data, change employee information, enter payroll dates, pay your employees, then verify and release your payroll. You can limit use and/or provide authorization to select employees along with your accountant, each with different access levels.

**Online Reports:** Be Green, you don't have to have your payroll reports delivered. Once payroll is processed your reports are ready. We store the information so you can date range, get W2's, 1099's and more.

**Workers Compensation Payment Service:** No more getting hit with an audit, let us calculate your workers compensation every pay. We will calculate the rates and pay the carrier or we can supply you with the report for budgeting and auditing purposes.
